「Taiwan White Terror Special Exhibition」

Location : Museum of Kaohsiung Medical University Historical Archives and Southern Taiwan Medical History

Time : from 2017/3/2(Thursday) to 2017/6/24(Saturday)

※Exhibition introduction

Taiwan White Terror was the suppression of political dissidents lasted for 38 years and 57 days from 19 May 1949 to 15 July 1987. The freedom of people and their lives were well-affected, including the medical community at the time. Many medical professionals were killed while fighting for a better environment for the general public. Please come join us to get to know their stories.
